

The Four Seasons
by: Rohan Nagaraj

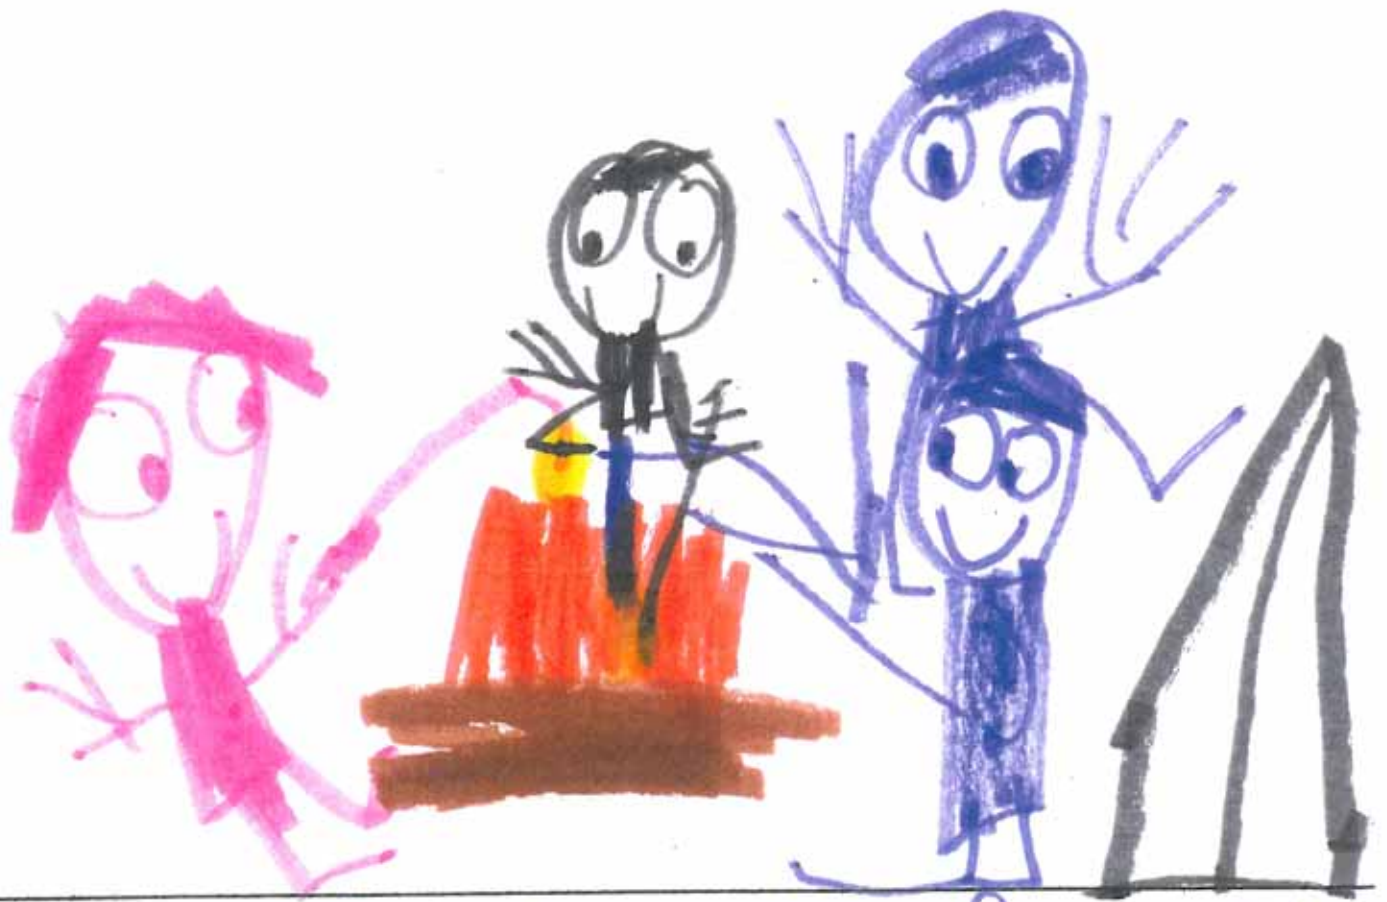

The first season Spring
has flowers. It is still
cold and it rains a lot.

The next season is summer.

The sun is here. It gets hot.

You go to swim at the pool.

Summer is my favorite
season, you get to go camping
and roast marshmallows.

Halloween is in the Fall.

We get to rake the

leaves and jump in them.

We wear jackets to stay
warm. The leaves fall
because it gets cold.

Snow comes in Winter.

We decorate a tree and

put presents underneath.

You can play outside in the
snow. You wear heavy coats
boots, gloves, scarf and hats.
